

# November 7, 2017

Greetings BCA Family,

Please make sure we have the most updated immunization records for your child. Student files have been reviewed by our nurse, and if items are missing you will receive a notice this week of what we don't have. It is required by the state that we have current immunization records for all students. Thank you for giving this matter your prompt attention. Have a great day!

In His Service,  
Mrs. Whitaker
